Horizon Europe - all final workprogrammes for 2021/2022 calls published

End of June 2021 the EU Commission finally published all final workprogrammes for the new Framework Programme for Research and Innovation called „Horizon Europe“. Now also the workprogrammes for Pillar 2 (thematic clusters, e.g. „Health“) are available on the "Funding & Tenders" platform. Please take into consideration that health-related topics also can be found in other Clusters beside „Health“, e.g. in the workprogrammes for „Civil Security for Society“, „Food, Bioeconomy, Natural Resources, Agriculture and Environment“ and others. Of course the Pillars 1 (especially ERC, MSCA) and Pillar 3 (especially EIC) keep to be interesting for our university.

All information can be found under: <https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/programmes/horizon>
