

November 22<sup>th</sup>, 2021

Johannes Zschocke and Gunda Schwaninger

Programme Directors  
MSc Genetic and Genomic Counselling  
Medical University of Innsbruck  
Austria

Thank you for your application for the accreditation of your Master Program with the European Board of Medical Genetics (EBMG).

We are very pleased to confirm that **your application for the EBMG MSc accreditation has been approved**. Your application was very thorough and well documented.

This registration is valid for six years and you will be required to renew after this period of time if you wish to maintain your status as an EBMG registered Master Program. Accordingly, students who graduate from this MSc course between 2021 and 2026 will be eligible for EBMG registration under the Normal route.

Please note you will be expected to submit a renewal application by October 2026 in order for students graduating from 2027 onwards to be eligible for the mentioned registration as genetic counsellors.

Thank you for supporting the process of professional regulation of genetic counselling through the dissemination of the European registration system among your colleagues and MSc alumni.

Yours sincerely,

  
Joana Bengoa  
Co-chair  
GNGC Branch, EBMG

  
Milena Paneque  
Working group for MSc Assessment  
GNGC Branch, EBMG
